To whom it may concern:

We rely on RFD TV for
market information on
cattle and grain, so
please do not discontinue
RFD TV coverage to this
area. Northeast N.M.
is pretty isolated and we
have problems getting good
news anyway. We have to
rely on Texas News and get
very little N.M. News
which is another problem.

Thanks for some
consideration

Dear Sirs:

We are ~~legitimate~~ ^{legitimate} farmers and live 60 miles North of Columbus, Ohio in Crawford County, Bucyrus, Ohio

Our County is known for Agriculture and livestock for its major source of income. Our neighbors and friends all watch RFD TV via cable & Dish. We depend on this excellent program.

We support RFD TV because we must keep educating the non-farming population so they realize where their food is coming from. We have Time Warner Cable TV

I watch RFD-TV on MIDCO TV and would certainly hate to see it removed. It is very important to me as it has a lot of good musical entertainment that I truly enjoy, such as Mollie "B" and all the other musical shows.

Media giants should not be allowed to block independent programming from being distributed due to their own bias opinions.

Our family tunes into RFD-TV
very frequently. There is a really
good bunch of shows, almost
all suit our kind of lifestyle.

We enjoy the western shows as
we have embraced that
lifestyle. We own horses and
enjoy watching almost anything

RE: FCC PROCEEDING #16-41

Sir/Madam:

I watch RFD-TV on Dish. I really enjoy this channel. I would be really upset if it is removed from your lineup of programs. There aren't very many channels whose content is family friendly. This is one of the few.

Please do NOT remove RFD-TV from your scheduling. I would be VERY upset.

Sincerely,

Dear FCC, Proceeding Number 16-41,

I watch RFD-TV on Dish Network. I watch RFD-TV daily and many times of the day. The programs, on RFD-TV, are relevant to my family's way of making a living and lifestyle. These programs vary from daily news and weather, educational programs and the entertainment programs of music which nourish my life with the kind of music I enjoy. I watch the music programs mostly in the evenings. That music is a great way to end my day!

RFD-TV is one of the very few stations that provide decent programming. I Love RFD-TV! It is top-notch! RFD-TV is 90% of my TV viewing. Without RFD-TV, I would very likely no longer need a television.

Thank you,

Dear Sir:

Please accept this letter as a request to keep our RFD programming on the various cable and satellite Systems throughout our country.

RFD is a program that portrays the best and bountiful of our country. How refreshing to have programs we can let our children view without concern for foul language, murder, mayhem, deviant life styles, pro-abortion, etc. They may even have the audacity to show our Savors cross and/or our Flag in the background..

There are many people in the entertainment industry today who have forgotten or misunderstand what our country stands for. They don't realize in time of war or crisis it is our rural young people who first come forward to enlist. They seem to never understand it was men in denim that developed this country, not like the men in business suits that want to destroy it today.

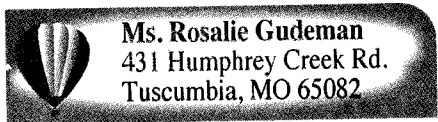

Thank you for your help and concern.

Sincerely,

I watch RFD-TV on DISH. This channel is highly important to me to learn more and more about the things that affect our life in this country and further - the connection of all our commodities with the economies of worldwide trade partners.

If there are Television viewers in threat of being denied access to critical information relevant to our everyday life because their TV carriers want to deny RFD-TV viewing, that is practically criminal. The programming on RFD-TV is, more than any other channel, able to bring city viewers in touch with what makes our country vibrant and able to maintain our way of life. I can't imagine not knowing what is going on in our rural communities and markets that are tied to agriculture all over the country.

I ask of you that anything that can be done to keep RFD-TV on these cable companies, be so mandated.

Thank you for your consideration of this wonderful channel of programming (RFD-TV).

RE: Proceeding 16-41

Gentlemen:

I certainly pray that the FCC will make a favorable ruling for RFD-TV on Proceeding 16-41. It is one channel that we can watch with our young grandson and not have to worry about cursing, depictions of sex, sadistic violence or mockery of Christian values and patriotism for our country.

We subscribe to Direct-TV and have multiple channels to choose. RFD-TV is Number One with us for pleasant entertainment and informative programming.

Please keep RFD-TV on television.

Yours truly,

Dear FCC

This letter is about the rumor that RFD TV is about to be taken off the air. For the life of me I can't understand why anyone would want to take such valuable programming off the air. There are cattle shows, horse shows, cattle and farm machinery auctions, rodeos and a lot of very valuable information for 4-H kids on animal care and showmanship and many pointers for FFA members on animal and crop diseases and how to deal with them. Also Kansas State University has 2 veterinarians on several times a week discussing various animal diseases of horses, cattle, hogs, sheep and poultry that are very helpful.

The music shows that are on Saturday and Sunday nights are top notch and can be watched by the whole family.

With all the trash that is on TV these days we don't understand why anyone would want to take off RFD TV. Please save this valuable station.

Whom It May Concern:

I watch RFD on Dish and am very upset that you are considering dropping the channel. It is our only channel that we feel is suitable for our grandchildren to watch. The main stream TV these days is terrible. No morality, or modesty and it is discouraging to pay such an awful bill each month to get unsuitable programming.

Please consider this carefully before you drop RFD from the programs. If you choose to do so, we will also have to choose another provider for our TV. We live in rural Utah, and we do watch RFD most of the time. We want to continue to enjoy the rural programs that pertain to our way of life.

Thanks for your help in making our TV programming stay as it is at the present. Full RFD channels!

Dear Sir or Madam:

I think it would be a bad mistake to take RFD-TV off the air as there are a lot of good informative programs, musical, educational, entertaining, religious, sports, newscast, and numerous other programs that give help to the young, teenagers, elderly, farmers, educators and other people without all of the violence.

I am on Direct TV and RFD-TV is the only channel that has programs that has good clean material to watch.

It would be disastrous to the school programs, rodeo association, farmers, ranchers, sportsmen, fisherman, and many other programs.

Get your heads out of Washington D. C. and New York City out in the country where life is real not fictitious, where our forefathers began this wonderful country and not make believe.

Yours truly,

Dear Sir,

I am writing to you to please don't block or take RFD TV off the air.

my boyfriend, his mom and I watch RFD TV all the time. Mom is 89 years old she has parkinsons disease, and she had a stroke she loves RFD TV. It is her's and our very favorite station on TV.

We watch the horse shows, the rodeos, the farming equipment shows, the news and weather, we watch it all the time.

Our favorite shows are the country music shows. mid west country, Presleys country Jubilee, Ray Stevens show, Larry country doper the Joey and Dory show, the Gospel show the Molly B poker shows. our favorite is the Porter Wagner show with Dolly Parter, and other big country stars. We love the Marty Stuart show. It's the best. Marty Stuart Connie Smith and all the country greats that come to the show.

We ask of you please do not block or cancel RFD TV. We will be so devastated RFD TV is the best. We want it to stay on the air. Please consider keeping this TV station. Thank you for everything.

Tell us, please this great channel is not going to be taken off the air. We would really miss it, as we listen and watch it at least 10 hours every day. We watch on Direct television the agricultural shows, the country western programs, the Molly B Polka show, the very entertaining tractor shows, rodeos, bull riding and the weather channel every time we leave our northern home for the winter home and reverse that in the spring going back to the north for the great weather predicting.

We would really miss not getting the good listening also to the good discussions on the Bible between the different religious views.
